Name: KamiyabHusen Bhatt

College: L.D. College of Engineering

Sem: 7th (BE-IT)

Date: 7th June 2021

Day-10-Report
(Work Summary)

INTERNSHIP at AkashTechnoLabs

Day-10: What we learnt?

✓ This was our last days of this amazing internship. In this session we learned about databases and its applications.

✓ Django has an inbuilt support of mainly five databases.
  ➢ PostgreSQL
  ➢ MariaDB
  ➢ MySQL
  ➢ SQLite
  ➢ Oracle

✓ Then we learned how to connect MySQL and SQLite databases to our Django project and perform basic operations on databases with use of our Django application.

✓ Then we learned how make models and how to migrate into our connected databases.

✓ Then we learned how to perform CRUD operation separately. And saw how those work.

✓ Then we discussed some problems and errors which were coming to some student and solve them.

✓ Then we also discussed which are various platforms where we can deploy our Django project very easily.

✓ After that we jumped into Latest Technologies and discussed about them that which technologies are ruling market at present and also will rule in coming years.
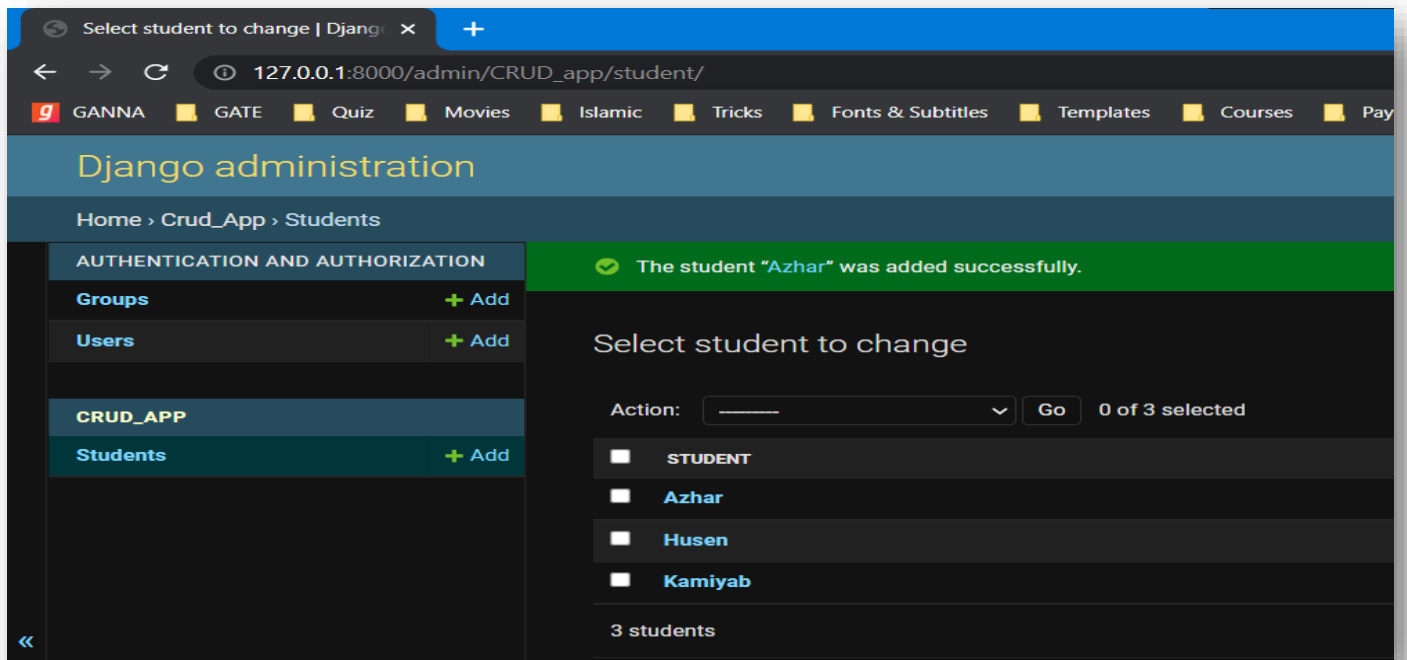

Task: -

Django Database CRUD Operation
